Work experience

Insurance agency Part-Time employer | Insurance agency "ACI Sara assicurazioni" | 15/06/2014 - 31/08/2019

- Administrative tasks;
- Customers reception.

Private tutor | 01/07/2018 - Current

- Tuition for high school and related students scientific subjects, in particular Physics and Mathematics, as well as humanistic subjects such as Philosophy.

Education & Training

PhD in Smart Computing | Università degli Studi di Firenze | 01/11/2023 - Current

Use of neuromorphic sensors in the detection and recognition of rapidly moving subjects

Master's Degree in Artificial Intelligence (Information Engineering) | Università degli Studi di Firenze | 17/09/2021 - 29/09/2023 | Florence, Italy

- Artificial Intelligence and Machine Learning techniques, from theory to practice;
- Generative Models, Federated Learning, Continual Learning, Computer Vision;
- Transversal fields such as Foundations of Neuroscience, Rights and Rules for Artificial Intelligence, Quantum Machine Learning;
- Single and Team based assignments and projects.

Field of study Information and Communication Technologies, Natural sciences, mathematics and statistics, Engineering, manufacturing and construction | **Final grade:** 110/110 Cum Laude | **Thesis:** FedEFC: Reducing catastrophic forgetting in Federated Learning settings through Elastic Feature Consolidation

Bachelor's degree in Information Engineering | Università degli Studi di Firenze | 15/09/2018 - 27/09/2021 | Florence, Italy

- Fundamentals of Programming and Software Engineering;
- Deep foundations in Mathematics and Statistics such as calculus, optimisation techniques, etc;
- Electronics and Signal Processing;
- Lab Works.

Field of study Natural sciences, mathematics and statistics, Engineering, manufacturing and construction, Information and Communication Technologies | **Thesis:** The anthropocentered diet problem

Scientific High School Diploma | ISS "Galileo Galilei" Poppi | 15/09/2013 - 09/06/2018 | Poppi, Italy

Lectures and Short Courses

Neuromorphic Vision - Lecture for Image and Video Analysis a.a. 2023/2024 Course

Neural Network Models for Event Cameras (Neuromorphic) Stream Analysis - Lecture for Geometric

Learning 2024/2025 Course

Seminar on point cloud applications: self-supervised methods and event-cameras - Lecture for Geometric Learning 2024/2025 Course

Projects

"Talos" Smart Lock | 11/02/2022 - 18/04/2022

Creation of a smart-lock device that could interface with nfc, bluetooth, wifi, fingerprints and smartphones, and related dedicated app for users management and permissions.

Hobbies and Interests

Music

Interested in both music as a media and as ricreative activity, with a good basis of both piano, guitar and singing.

Soccer and Sports

Playing in a soccer team and passionate about sports all-around, especially soccer and formula 1.

Literature

Avid reader in varying books genres, especially in sci-fi literature and philosophy essays.

Video-ludic Culture

Interested in experimenting with recent and classic pieces of video-ludic culture.

Graphic Novels

From wester comics to eastern manga and novels.

Languages

Trying to learn new languages one at the time.

Travelling

Aiming at travelling more portion of the world as possible, with particular interest at experiencing the local culture in all their facets.

Drawing

Self-taught at pencil drawing, with particular interest in both human and naturalistic portraits.

Social and Political Activities

7-A-Side Soccer Team President and Captain | 01/11/2022 - Current | Florence

Current President and Captain of a soccer team participating in regional championship.

Management and leadership skills

Natural Leadership

Project Management

Communication and interpersonal skills

Empathy

Active Listening

Flexibility

Adaptational skills

Organisational skills

Ability to work Under Pressure

Punctual with Deadlines
